

BIRD-X-PELLE

SUPER

BirdXPeller PRO

PROGRAMMABLE SPECIES-SPECIFIC REPELLER

UP TO SIX ACRES!

PROVEN AND GUARANTEED

to extensive field tests. **Super BirdXPeller PRO** has significantly reduced or completely eliminated bird infestations.

SYNERGY

Combinations of products (Super BirdXPeller PRO plus a visual or physical device) **have proven most effective.**

HARMLESS

Heavy Duty Super BirdXPeller Pro attacks the birds with loud, terrorizing sounds, but it doesn't hurt them.

HEAVY DUTY

Sturdy NEMA control box and four powerful speakers designed to last in an outdoor environment.

EASY OPERATION

Use wherever your pest birds congregate. Use AC electricity or DC battery with solar power.

CROWS
IN TREES

GULLS
on properties

GRACKLES
GEESE

ON GOLF COURSES AND LAWNS

HOW IT WORKS

Bird distress calls create a "danger zone" to frighten birds away for good.

SPECIES-SPECIFIC AND PROGRAMMABLE

Choose any or all of the 4 bird sounds, including predators to give the birds even more of a sense of danger. Then, program the volume, "silent" period and order of play so birds don't get used to a pattern.

...SUPER BIRDXPPELLER PRO IS THE SOLUTION!
