

# MATERIAL SAFETY DATA SHEET

## SECTION 1: IDENTIFICATION OF PRODUCT

Manufacturer's Name and Address:  
Dr. T's Nature Products, Inc  
PO Box 682, 2658 US Hwy 19 North  
Pelham, GA 31779  
Emergency Phone Number 1-800-299-6288  
Product Name: Cobweb Eliminator  
Date Prepared: Revised 10/12/99  
Material Description/Proper Shipping Name:  
NMFC 48580/ Sub Issue B-3/NOI/Class 55  
Additional Hazard Classes: ND  
Chemical Family: NF Formula: Patented

## SECTION 2: Ingredients/Identity Information

Chemical Names: No hazardous substances as defined by OSHA's hazardous communications standard 29 CFR 1910.1200.

## SECTION 3: PHYSICAL DATA

Boiling Point (Degrees F): NF  
Vapor Pressure (mm Hg): NF  
Melting Point: NF  
Solubility in Water: ND  
Physical Description: Pinkish liquid with licorice odor.  
Specific Gravity (H2O=1): 1  
Percent Volatile by Volume (%): NF  
Evaporation Rate (Butyl Acetate=1): <1  
pH: 4.4  
Percent Solid by Weight (%): NF  
Vapor Density (Air = 1): >1

## SECTION 4: FIRE AND EXPLOSION HAZARD DATA

Flash Point (Method Used): 216 Degrees closed cup  
Flammable Limits: ND LEL: 4% UEL: 16%  
Extinguishing Media: CO2, Foam, and Dry Chemical  
Special Fire Fighting Procedures: Cool containers exposed to flame with water. Use self-contained breathing apparatus.  
Unusual Fire and Explosion Hazards: Not Known

## SECTION 5: REACTIVITY DATA

Stability: Stable  
Conditions to Avoid: Avoid excessive heat, flame, and contact with acids and strong oxidizers.  
Incompatibility (Materials to Avoid): Avoid contact with acids, strong oxidizers.  
Hazardous Polymerization: Will not occur.  
Hazardous Decomposition Products: CO, CO2, NO2, COCL2, HCl, and unidentified organics.

## SECTION 6: HEALTH HAZARD AND FIRST AID

### Route of Entry:

Skin: Not absorbed, avoid skin contact. Eyes: Flush with water for 15 minutes.  
Inhalation: Use in well-ventilated areas.  
Ingestion: Give Fluids. See a physician.

### First Aid Procedures:

Skin: Wash with water.  
Eyes: Flush with water for 15 minutes.  
Inhalation: Remove to fresh air.  
Ingestion: Give fluids, do not induce vomiting. See a physician  
Carcinogenicity: NTP? No LARC Monographs? No OSHA Regulated? No  
Health Hazard: Inhalation may result in irritation of the respiratory tract. High concentrations may result in headache, nausea, dizziness and drowsiness. Contact with skin may result in irritation. If contact with eyes, flush with water for 15 minutes.  
Medical Condition Generally Aggravated by Exposure: Pre-existing skin, eye, or respiratory disorders.

## SECTION 7: CONTROL METHODS

Respiratory Protection: Not normally needed.  
Protective Gloves: Use gloves to avoid skin.  
Mechanical: Use in well-ventilated area.  
Work/Hygiene Practices: Insure prompt removal from skin and clothing.  
Local exhaust: Not normally needed. Recommended where levels exceed exposure limits.  
Eye Protection: Chemical splash goggles.  
Other Protective Equipment: None normally needed.

### Disclaimer:

The information in this MSDS was obtained from current and reliable sources. However, the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions of handling, storage and disposal of this product are beyond our control, it is the responsibility of the user both to determine safe conditions for use of this product and to assume full responsibility for loss, injury, and expense arising out of product's improper use. No warranty expressed or inferred, regarding the product described in this MSDS shall be created or inferred by any statement in this MSDS. Various government agencies may have specific regulations regarding the transportation, handling, storage, use or disposal of this product which may not be covered in this MSDS. The user is responsible for full compliance.
