

Kleen-Free Facts

Patent Pending Product

Non-Toxic

No Residual

Non-Pathogenic - harmless to humans, animals, marina life or ecology

Non-Flammable - contains no combustible materials

Hypoallergenic - contains no known allergen to irritate the skin or respiratory system, will not impair vision or cause rashes

INSECT/FUNGUS/MOLD - Kleen-Free cleans them all away in seconds.

Natural enzyme that molts insects before their time

Rinseability - washes off completely in water, does not leave streaks bead stains. Once rinsed, the product leaves a non-magnetic, non-static finish inhibiting accumulation of dust or grime.

ENZYME CLEANER: Digests grease and other organic matter. Cleans and deodorizes floors, walls, chrome and other surfaces not harmed by water. It can be used with pressurized, mechanical and manual systems, hand sprayers, mop and cloth. Water temperatures below 65 F will prolong the time required for optimal cleaning. Ideal temperature is 98F.

Application Rates: 2 to 4 oz. per gallon of water.

Eliminates the liability that may exist from using pesticides
