KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail).

IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

IF SWALLOWED: Call a doctor or get medical attention. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND ANIMALS

CAUTION: Corrosive, causes irreversible eye damage. Harmful if absorbed through skin. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield when handling. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling.

PERSONAL PROTECTION EQUIPMENT (PPE): Applicators and other handlers must wear: Appropriate protective eyewear, such as goggles or face shields, long-sleeved shirt and long pants, waterproof gloves and shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for PPE, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS: Avoid spraying directly into water.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep from freezing. Store only in original tightly sealed container and out of reach of children.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container (bottle). Rinse thoroughly before discarding in trash.

CONDITIONS OF SALE

The label instructions for the use of this product reflect the opinion of experts based on research and field use. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffective or other unintended consequences may result because of such factors as weather conditions, presence of other materials, herbicide-resistant weed preparations or the use or application of the product contrary to label instructions, all of which are beyond the control of St. Gabriel Laboratories. ALL SUCH RISKS WILL BE ASSUMED BY THE USER. St. Gabriel Laboratories shall not be responsible for losses or damages resulting from the use of this product in any manner not set forth on this label. User assumes all risks associated with the use of this product in any manner not specifically set forth on this label. St. Gabriel Laboratories warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use, subject to the risks referred to above. ST. GABRIEL LABORATORIES DOES NOT MAKE OR AUTHORIZE ANY AGENT OR REPRESENTATIVE TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. St. Gabriel Laboratories EXCLUSIVE REMEDY AND St. Gabriel Laboratories EXCLUSIVE LIABILITY SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THIS PRODUCT. In no case shall St. Gabriel Laboratories or the seller be liable for consequential, special, or indirect damages resulting from the use of this product. The foregoing is a condition of sale by St. Gabriel Laboratories and is accepted as such by the buyer.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING - READ ENTIRE LABEL. USE ONLY AS DIRECTED. OBSERVE ALL PRECAUTIONS.

For best results, apply MOSS KILLER just prior to the time when fall rains begin or in early spring. Moss growth can occur in nearly any location where dampness persists. Such areas include decks, steps, patios and fences. Because moisture is essential, most moss growth appears during the fall; some occurs in the winter and spring. Very little moss forms in summertime. Controlling moss may add months or years of service to decks, fences, steps and such areas, and can keep walkways and steps from becoming slippery and dangerous. Destroying existing moss is done most effectively during times when its growth is most rapid and when rain is not expected for several days.

SHAKE WELL BEFORE MIXING

Fill the spray tank 1/2 full with water and start agitation system if applicable. Add the desired amount of Moss Killer concentrate at a 3:1 mixing ratio. THREE PARTS WATER TO ONE PART MOSS KILLER.

Once in suspension, occasional agitation is recommended for best results.

BROADCAST APPLICATIONS: Spray Moss Killer to run-off using tank or backpack sprayers, typically 35-75 gallons of spray solution per acre.

BAND APPLICATION: Using trigger sprayers, cover moss, as needed, typically 25-50 gallons of spray solution per acre.

USE PRECAUTIONS

Avoid drift or runoff onto lawns, bedding plants, shrubs or any desirable plants because injury may result. Do not use in lawns or ornamental beds. Do not use on copper gutters, downspouts or fixtures, windows or skylights.
