1. Most items, except beneficial insects, are shipped from our Brentwood, Tennessee facility. Large orders may ship from other warehouses. Beneficial insects and feeder insects ship either from the producer or from a beneficial insect broker. Shipping origins vary by supplier.
2. For mixed orders (including both beneficials and other products) you will receive 2 shipments, and shipping charges will apply to each package separately.
3. Certain items, based on size and/or weight, may ship in multiples packages. Shipping charges will apply to each package separately.
4. Orders greater than 300 lbs may qualify for shipment by truck. Please contact Biocontrol Network for freight quotes.
5. For AK, HI and overseas shipments, call for shipping charges.
